#### Independent Auditor's Report

**Board of Directors Pulmonary Fibrosis Foundation** Chicago, Illinois

We have audited the accompanying financial statements of Pulmonary Fibrosis Foundation, which comprise the statements of financial position as of June 30, 2017 and 2016, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

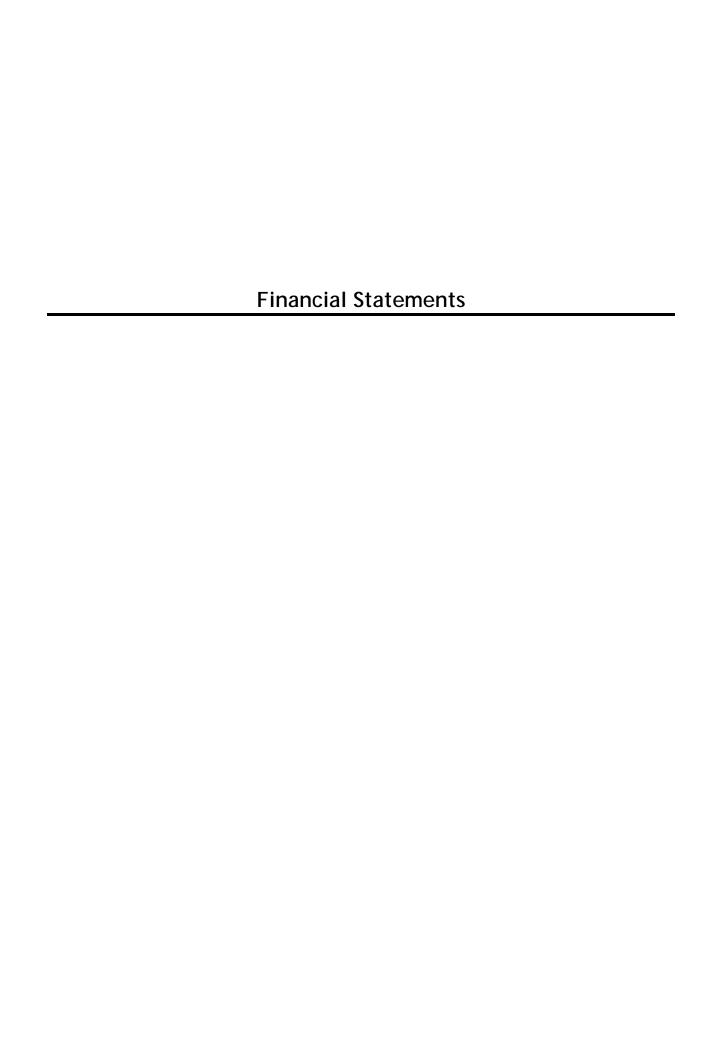

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Pulmonary Fibrosis Foundation as of June 30, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

# **Statements of Cash Flows**

Year ended June 30,	2017	2016
Operating Activities		
Change in net assets	\$ 1,375,257 \$	745,953
Adjustments to reconcile change in net assets to net		
cash provided by operating activities:		
Depreciation and amortization	51,297	42,595
Loss on disposal of fixed assets	280	-
Realized gain on investments	-	(271)
Unrealized (gain) loss on investments	(47,514)	6,441
Donated securities	(66,861)	(39,569)
Deferred rent	(1,376)	(4,964)
Bad debt	-	5,000
Changes in operating assets and liabilities		
Accounts receivable	(2,106,070)	-
Contributions receivable	567	(89,618)
Pledges receivable	20,000	22,001
Sponsorships receivable	(345,000)	270,000
Other receivables	(375,000)	25,000
Prepaid expenses	16,974	8,082
Deposits	(40,191)	-
Accounts payable	160,425	(59,400)
Grants payable	(2,494)	(95,000)
Accrued liabilities	410,980	67,852
Deferred revenue	1,935,270	1,725,884
Net cash provided by operating activities	986,544	2,629,986
Investing Activities		
Proceeds from sale of investments	10,227	2,264,418
Purchases of investments	(1,269,316)	(2,040,979)
Purchases of property and equipment	(18,787)	(49,740)
Acquisition of goodwill	-	(55,000)
Net cash (used in) provided by investing activities	(1,277,876)	118,699
Financing Activities		
Repayment of capital lease obligation	(9,059)	(8,790)
Net cash used in financing activities	(9,059)	(8,790)
Net (Decrease) Increase	(300,391)	2,739,895
Cash and Cash Equivalents, beginning of year	4,140,739	1,400,844
Cash and Cash Equivalents, end of year	\$ 3,840,348 \$	4,140,739
Cash paid during the year for interest	\$ 570 \$	665

See accompanying notes to financial statements.

#### **Notes to Financial Statements**

#### 1. Summary of Significant Accounting Policies

#### Nature of Activities

Pulmonary Fibrosis Foundation's ("the Organization" or "PFF") mission is to mobilize people and resources to provide access to high-quality care and lead research for a cure so that people with pulmonary fibrosis (PF) will live longer, healthier lives. By actively engaging the pulmonary fibrosis community, the Organization has developed essential programs for patients, caregivers, and health care professionals to give them a greater understanding of PF and support while living with the disease.

#### Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### Cash and Cash Equivalents

The Organization considers highly liquid investments with maturities of three months or less as cash equivalents. Cash and cash equivalents also includes amounts due from commercial credit card companies, such as Visa, MasterCard, and American Express, which are generally received within a few days of the related transaction and are related to contributions.

#### Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Investments**

Investments in marketable equity securities, mutual funds and bonds are reported at fair value based upon market quotations. Investments in certificates of deposit are reported at cost plus interest accrued which approximates market value. Donated investments are reflected as contributions at their fair values at date of receipt. There were donated investments of \$66,861 and \$39,569 for the years ended June 30, 2017 and 2016, respectively. Realized and unrealized gains and losses are included in the accompanying statement of activities and change in net assets. Money market accounts that are held in a portfolio at the same institution as other investments are classified as investments.

#### Accounts Receivable

Accounts receivable consists primarily of amounts due from program service revenue. \$2,000,000 of the current year balance relates to a Pulmonary Fibrosis Foundation ("PFF") Registry milestone payment which was invoiced shortly before year end and the remainder is related to Strategic Partnership program service revenue.

#### **Notes to Financial Statements**

#### Contributions Receivable

Contributions that are mailed by the donor before year end, but not received until after year end are included as contributions receivable.

#### Pledges Receivable

Unconditional promises to give are recognized as revenues or gains in the period received and as assets depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional. Pledges receivable are amounts committed by donors that have not been received by the Organization. These amounts are classified as temporarily restricted until received, unless otherwise restricted by purpose.

#### Allowance for Doubtful Accounts

The Organization recognizes an allowance for losses on accounts, contributions, pledges, and sponsorships receivable in an amount equal to the estimated probable losses net of recoveries. The allowance is based on an analysis of historical bad debt experience, current receivables aging, and expected future write-offs, as well as an assessment of specific identifiable donor accounts considered at risk or uncollectible. The expense associated with the allowance for doubtful accounts is recognized as program expense in the statement of functional expenses. At June 30, 2016, a reserve was created for a specific pledge that was deemed uncollectible at year-end. This pledge was subsequently collected and no reserve was deemed necessary at June 30, 2017. As of June 30, 2017 and 2016, the allowance for doubtful accounts was \$0 and \$5,000, respectively.

#### Property and Equipment

Property and equipment are recorded at cost if purchased or fair value at the date of donation. Depreciation is computed using the straight-line method over 3-5 years for computer hardware and software, and 5-7 years for equipment and fixtures. The Organization follows the practice of capitalizing all expenditures for property and equipment in excess of \$500. When property and equipment are retired or otherwise disposed of, the costs and related accumulated depreciation are removed from the respective accounts and any gain or loss on disposition is credited or charged to operations. Maintenance and repairs are expensed as incurred.

#### Website

The Organization incurred \$65,156 of website development costs during the year ended December 31, 2014. Under Accounting Standards Codification (ASC) 350, these costs are able to be recognized as an intangible asset, and are being amortized using the straight-line method over five years. Amortization expense was \$13,031 for both years ended June 30, 2017 and 2016.

Amortization expense for the next two years is expected to be \$13,031 and \$9,774.

#### Goodwill

On November 19, 2015, the Organization acquired all rights to the Daughters of Pulmonary Fibrosis program ("the Daughters") from the Coalition for Pulmonary Fibrosis (CPF). The Organization

#### **Notes to Financial Statements**

continues to cultivate the Daughters program as one of their signature programs, with an expanded focus on identifying and developing resources for the caregiver community. The cost of the goodwill purchased was \$55,000 to be amortized over the next 10 years using the straight-line method at the rate of \$5,500 per year. Goodwill amortization was \$5,500 and \$3,667 for the years ended June 30, 2017 and 2016, respectively.

Amortization expense is expected to be \$5,500 for each of the next eight years through June 30, 2025. For the final year ending June 30, 2026 amortization expense is expected to be \$1,833.

#### Grants Payable

Grants payable consists of awards to universities and hospitals for research purposes which are recognized as expenses when they are awarded.

#### Deferred Revenue

Deferred revenue consists of PFF Patient Registry and Strategic Partnership milestone payments for service fees. Performance is expected to be completed in the next fiscal year. See Note 3.

#### Deferred Rent

Rent expense on non-cancelable leases containing known future scheduled rent increases or free rent periods is recorded on a straight-line basis over the respective lease term. The lease term begins when the Organization has the right to control the use of the leased property and includes the initial non-cancelable lease term plus any periods covered by renewal options that the Organization is reasonably assured of exercising. The difference between rent expense recognized and rent paid is accounted for as deferred rent and is amortized over the lease term. The Organization amended the lease to extend the terms through July 31, 2016. See Note 9 for the new lease signed August 1, 2016.

#### **Net Assets**

The net assets of the Organization are classified as follows:

Unrestricted, which represents the portion of expendable net assets that are available for operations.

Temporarily restricted, which represents the portion of net assets restricted by the donors for program expenses such as PFF Patient Registry, education, Care Center Network, support groups, outreach and awareness. Upon satisfaction of the restriction, a reclassification is made to unrestricted net assets.

#### Revenue Recognition

Program service fee and sponsorship revenue are recognized when earned based on performance of services.

#### **Notes to Financial Statements**

#### **Contributions**

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. Currently, the Organization does not have any permanently restricted assets. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and change in net assets as net assets released from restrictions.

#### Income Taxes

The Organization is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code ("IRC"), except for net income derived from unrelated business activities. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under IRC Section 509(a).

The Organization's income tax filings are subject to audit by various taxing authorities. In evaluating the Organization's activities, management believes its position of tax-exempt status is based on current facts and circumstances and there have been no uncertain positions taken related to recording income taxes. During the fiscal year 2016, the Organization recognized \$16,900 in unrelated business income pertaining to a profit sharing model with a third party for advertising revenue on their website. The Organization recognized no unrelated business income in the 2017 fiscal year.

It is the policy of the Organization to include in management and general expenses penalties and interest assessed by income taxing authorities. There are \$19 and \$0 penalties or interest from taxing authorities included in management and general expenses for the years ended June 30, 2017, and 2016, respectively.

#### Functional Allocation of Expenses

In the statement of functional expenses, the costs which are directly associated with a particular program or supporting service are charged to that functional category. Additionally, certain costs have been allocated among the programs and supporting services benefited based on staff time devoted to the functional areas or other appropriate allocation methods determined by management.

#### Reclassifications

Certain items in the financial statements as of and for the year ended June 30, 2016, have been reclassified for presentation purposes. Such reclassifications had no impact on the change in net assets.

#### Notes to Financial Statements

#### New Accounting Standard Updates

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers (Topic 606), which is a comprehensive new revenue recognition standard that will supersede existing revenue recognition guidance. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. FASB issued ASU 2015-14 that deferred the effective date for the Organization until annual periods beginning after December 15, 2018. Earlier adoption is permitted after December 15, 2016, subject to certain limitations. The amendments in this update are required to be applied retrospectively to each prior reporting period presented or with the cumulative effect being recognized at the date of initial application. Management is currently evaluating the impact of the adoption of this ASU on it's financial statements.

In February 2016, FASB issued ASU 2016-02, Leases (Topic 842), to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statements of financial positon and disclosing key information about leasing arrangements for lessees and lessors. The new standard applies a right-of-use (ROU) model that requires, for all leases with a lease term of more than 12 months, an asset representing its right to use the underlying asset for the lease term and a liability to make lease payments to be recorded. The ASU is effective for the Organization's fiscal years beginning after December 15, 2019 with early adoption permitted. Management is currently evaluating the impact of the adoption of this ASU on its financial statements.

In August 2016, the FASB issued ASU 2016-14, Not-for-Profit Entities (Topic 958) and Health Care Entities (Topic 954) - Presentation of Financial Statements of Not-for-Profit Entities. The ASU amends the current reporting model for nonprofit organizations and enhances their required disclosures. The major changes include: (a) requiring the presentation of only two classes of net assets now entitled "net assets without donor restrictions" and "net assets with donor restrictions", (b) modifying the presentation of underwater endowment funds and related disclosures, (c) requiring the use of the placed in service approach to recognize the expirations of restrictions on gifts used to acquire or construct long-lived assets absent explicit donor stipulations otherwise, (d) requiring that all nonprofits present an analysis of expenses by function and nature in either the statement of activities, a separate statement, or in the notes and disclose a summary of the allocation methods used to allocate costs, (e) requiring the disclosure of quantitative and qualitative information regarding liquidity and availability of resources, (f) presenting investment return net of external and direct expenses, and (g) modifying other financial statement reporting requirements and disclosures intended to increase the usefulness of nonprofit financial statements. The ASU is effective for the Organization's financial statements for fiscal years beginning after December 15, 2017. Early adoption is permitted. The provisions of the ASU must be applied on a retrospective basis for all years presented although certain optional practical expedients are available for periods prior to adoption. Management is currently evaluating the impact of the adoption of this ASU on it's financial statements.

#### Subsequent Events

Subsequent events were evaluated through January 17, 2018, which is the date the financial statements were available to be issued, and management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

#### **Notes to Financial Statements**

#### 2. Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.
- Level 2 Inputs to the valuation methodology include
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There were no changes in valuation methodologies during the years ended June 30, 2017 and 2016.

The remainder of this page intentionally left blank.

# **Notes to Financial Statements**

Fair values of assets measured on a recurring basis were as follows:

June 30, 2017		Level 1	Level 2	Level 3	3		Total

#### **Notes to Financial Statements**

The fair value assets are categorized in the statements of financial position as follows:

June 30,	2017	2016
Certificates of deposit - short term Certificates of deposit - long term Investments	\$ 1,177,533 862,846 1,547,379	\$ 1,176,341 860,262 177,691
Fair Value of Assets	\$ 3,587,758	\$ 2,214,294

### 3. Concentrations of Credit Risk

The Organization maintains the majority of its cash at several financial institutions. All deposit accounts at Federal Deposit Insurance Corporation (FDIC) insured institutions are insured up to \$250,000. At times during the year, the Organization's bank balances may have exceeded the federally insured limits; however, it has not experienced any losses with respect to its bank balances in excess of government provided insurance.

Investments in certificates of deposit at FDIC-insured institutions are insured up to \$250,000 per institution.

The Organization maintains reserve cash at a brokerage firm. This account is insured by the Securities Investor Protection Corporation up to \$500,000 including a maximum of \$250,000 for claims for cash and additional coverage is provided by the brokerage firm. At June 30, 2017 and 2016, the Organization has no uninsured cash investment balances at brokerage firms.

For the years ended June 30, 2017 and 2016, 59% and 40% of total revenue was from two sources, respectively. This is the result of contracts executed with two organizations in October and November of 2015 for multi-year funding of the PFF Patient Registry, the Care Center Network and associated programs. These contracts contain multiple revenue types, portions of which are fees for services specific to the PFF Patient Registry and other portions which are sponsorship revenue related to the Care Center Network and associated programs. The total of these agreements exceeds \$20 million and will be received over a period of five years. This funding has allowed the Organization to increase the Care Center Network to 40 sites, perform various educational programming within the network and begin enrollment of the targeted 2,000 patients in the PFF Patient Registry. As of June 30, 2017, the significant increase in funding from the Organization's primary sources is a direct result of the progress of the PFF Registry which enrolled its first patient in March, 2016. During the fiscal year, PFF enrolled over 1,100 patients (55% of the total enrollment goal) in the PFF Patient Registry.

The board and management were aware of these concentrations of credit risk at the beginning of the project. During this pilot period, the Organization is increasing other revenue streams to diversify the funding of the PFF Registry. The board and management believes that the benefit to research and the patient community outweighed the concentration of credit risk sensitivity at the beginning of this period. The beliefs of the board and management are included for informational purposes and are unaudited.

#### **Notes to Financial Statements**

### 4. Related-Party Transactions

The Organization received \$139,065 and \$1,034,556 in contributions from board members for the years ended June 30, 2017 and 2016, respectively, which includes in-kind travel of \$4,448 in 2017 and professional services and travel of \$826,500 in 2016. See Note 8.

#### 5. Property and Equipment

The Organization's property and equipment as of June 30, was as follows:

	2017	2016
Computer hardware and software Less accumulated depreciation	\$ 154,983 (112,652)	\$ 138,475 (81,885)
	\$ 42,331	\$ 56,590

Depreciation expense for the years ended June 30, 2017 and 2016 was \$32,766 and \$25,897, respectively.

### 6. Capital Lease Obligation

The Organization entered into a capital lease to purchase two copiers commencing on April 30, 2014 and expiring on June 30, 2017. The fair market value of the copiers is \$26,480 with accumulated depreciation of \$26,480 as of June 30, 2017. The payments are due in monthly installments of \$788 with an imputed annual interest rate of 13.1%.

Subsequent to year end, the Organization entered into a new capital lease agreement to purchase two copiers with a combined fair market value of \$29,001. The monthly installments will be \$835 with an imputed interest rate of 7.5%.

Maturities of long term debt are as follows at June 30, 2017:

	Amount
2018	\$ 9,185
2019	10,020
2020	10,020
2021	3,340
Less: imputed interest	(3,564)
Total	\$ 29,001

#### **Notes to Financial Statements**

### 7. Temporarily Restricted Net Assets

The following items were temporarily restricted due to either use or time restrictions as of:

June 30,	2017	2016
Care Center Network	\$ 932,824	\$ 595,277
Digital Program Development	22,811	35,843
Education	671,459	378,118
Other	86,183	20,000

#### 8. Contributions In-Kind

The Organization received donated software and travel of \$1,480 and \$4,448, respectively, during the year ended June 30, 2017 and professional services, software and travel of \$825,500, \$11,859 and \$1,000, respectively, during the year ended June 30, 2016. Such donations are recorded at their estimated fair value at the date of donation. These donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose.

#### 9. Lease Obligation and Rental Expense

The Organization entered into a lease agreement for office space at 230 East Ohio Street, Suite 500, Chicago, IL effective August 1, 2016 that expires in November 2022. Rental expense on all leases for the years ended June 30, 2017 and 2016, was \$243,197 and \$128,693, respectively. The Organization is also liable for its proportionate share of property taxes, increased expenses, insurance, utilities, and repairs.

#### Notes to Financial Statements

The estimated future minimum rental and lease obligation for the succeeding years under non-cancelable operating leases is as follows:

Year ending June 30,	Amount
2018	\$ 251,848
2019	257,373
2020	218,698
2021	245,863
2022	250,927
Thereafter	115,104
	\$ 1,339,813

#### 10. Commitments

The Organization has entered into agreements with hotels to hold future PFF events. The agreements include penalties if the Organization breaks the agreements. No provision has been made in the financial statements for any contingency relating to the commitments. The Organization made the following commitments for hotel space (includes hotel room cancellation fees):

November 2017 - PFF Summit in Nashville, TN

\$ 451,552

#### 11. Special Events

Revenues and expenses from special events are shown at the gross amounts in the statements of activities. Gross revenue and expense for each event was as follows for the years ended June 30, 2017 and 2016:

	I	Revenue		Expense		Net	
Broadway Belts! 2017	\$	232,379	\$	177,928	\$	54,451	
Broadway Belts! 2016	\$	186,341	\$	111,459	\$	74,882	

During the years ended June 30, 2017 and 2016, the Organization had third parties hold special events in honor of the Organization. The net proceeds of each event are remitted by the third parties to the Organization after the event has been completed. These proceeds are recorded as contributions as the events are not held by the Organization.

#### 12. Retirement Plan

The Organization has a 401(k) salary reduction plan that covers all full-time employees. Contributions are made by employees at an amount or percentage of their salary not to exceed applicable Internal Revenue Service limits. The Organization contributes 3% of the employee's base salary to the Plan, irrespective of the employee's level of deferral. The Organization made employer contributions to the plan of \$68,297 and \$69,810 for the years ended June 30, 2017 and 2016, respectively.
