

How to Customize Your Personal Event Page: Thank you for leading the way to a world without pulmonary fibrosis!

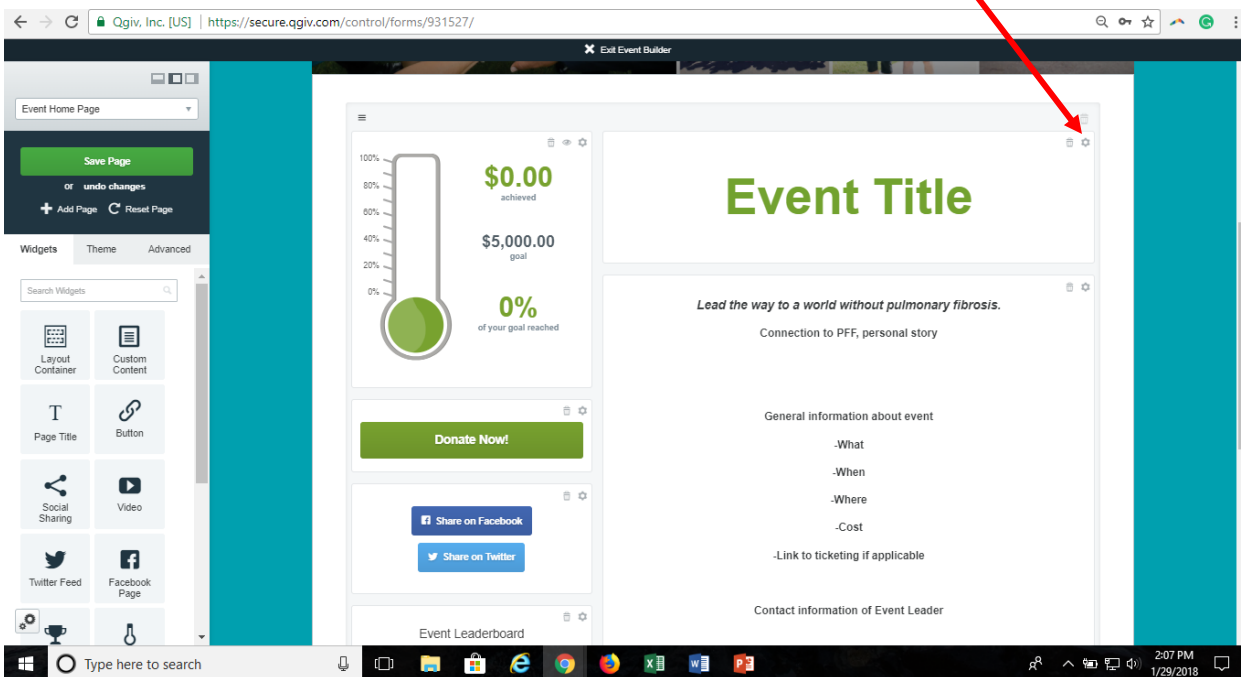

This is the dashboard for your event page. Here you can see your progress and update your page. To see your page, click **“View Event.”** To edit your page, click **“Event Builder.”**

On the **Event Builder** screen you can customize many aspects of your page.

1. **Change your picture**
2. **Change the banner photo**

Scroll down and click on any of the gears to edit the content in that portion of the page. Use the following easy steps to make your page stand out and motivate people to donate!

- **Share your story.** Weave together a narrative that illustrates how PF has affected you and your family while requesting support for a cause that is important to you.
- **Include a picture** to bring your campaign to life!
- **Add a video** to further articulate your story and ask for donations.

When you're done making edits to your page, don't forget to **save!**

You can then exit and go back to your dashboard by clicking "**Exit Event Builder**".
