<b>The University of Kansas Hospital</b> <b>Mark Hamblin, MD</b>
<b>Tulane University School of Medicine</b> <b>Joseph Lasky, MD</b>
<b>The Johns Hopkins Interstitial Lung Disease Clinic</b> <b>Sonye Danoff, MD</b>

The Pulmonary Fibrosis Foundation (PFF) is dedicated to promoting earlier recognition and diagnosis of pulmonary fibrosis and ensuring that patients receive the highest quality healthcare. As part of that commitment, the PFF has worked with the PF medical community to establish the PFF Patient Registry, where people with PF can find experienced medical professionals who understand their disease and support services to improve the quality of their lives.
