Sponsorship Opportunities

What is the PFF Summit?

PFF Summit is the largest healthcare conference on pulmonary fibrosis (PF) in the world. The Summit is unlike any other PF conference, because we welcome everyone who has been impacted by the disease, including patients, caregivers, healthcare professionals, researchers, transplant recipients, and those who have lost a loved one. A wide variety of sessions are offered to appeal to attendees from all backgrounds and experiences.

For healthcare professionals, the Summit will feature an innovative continuing medical education (CME) program, Maintenance of Certification (MOC), and a continuing education (CE) program for nurses, respiratory therapists, and pharmacists.

2019 Summit Attendance

- Patients/Caregivers
- Physicians/Researchers
- Nurses/Allied Health
