PFFSUMMIT2019

PROGRAM BOOK
NOVEMBER 7-9

pffsummit.org

Thank you for joining us for the fifth biennial PFF Summit presented by the Pulmonary Fibrosis Foundation. Please use the guidelines below to help you determine which sessions may be of interest to you. While each session is tailored for specific audiences, **you may attend any session you like that does not require pre-registration.**

- **NAVY SESSIONS** are designed for healthcare professionals
- **GREEN SESSIONS** are designed for recently diagnosed patients
- **TEAL SESSIONS** are designed for people who have been living with PF for a while
- **RED SESSIONS** are designed for transplant recipients and individuals who have lost a loved one

See you at PFF Summit 2021!	14

Dear friends,

I am delighted to welcome you to the Pulmonary Fibrosis Foundation's (PFF) fifth biennial health care conference, PFF Summit 2019. The faculty includes many prominent thought leaders, physicians, and researchers from the pulmonary fibrosis (PF) community. In addition, there will be opportunities to interact with patients, caregivers, and PF professionals from around the world. The goal of the Summit is to foster collaboration that will help enhance patient care and stimulate research that will lead to better treatments for pulmonary fibrosis.

PFF Summit 2019 provides an unparalleled opportunity to meet with physicians, researchers, patients, caregivers, industry representatives, and members of the international PF community—all in one setting. We value the support of the individuals, families, and corporations that help make the Summit a continued success. We believe the Summit is an important catalyst for the PF community and we thank you for your interest in supporting this event.

Warmest Regards,

William T. Schmidt
President and Chief Executive Officer
Pulmonary Fibrosis Foundation

ABOUT THE PFF SUMMIT

PFF Summit 2019 is the PFF's fifth biennial international health care conference on pulmonary fibrosis (PF). The goal of the Summit is to foster a collaborative environment to improve education and awareness of PF and to identify new approaches to treat, and ultimately cure, this devastating disease. The Summit features innovative continuing medical education (CME), Maintenance of Certification (MOC), and continuing education (CE) programs for health care professionals, nurses, respiratory therapists, and pharmacists, as well as sessions for PF patients, caregivers, transplant recipients, and those who have lost a loved one, that address their growing educational needs.

The Summit will be conducted in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME).

ABOUT THE PULMONARY FIBROSIS FOUNDATION

The Pulmonary Fibrosis Foundation mobilizes people and resources to provide access to high quality care and leads research for a cure so people with pulmonary fibrosis will live longer, healthier lives.

MEET OUR PFF SUMMIT CO-CHAIRS

DOT DELAROSA learned she had idiopathic pulmonary fibrosis at age 41. Eighteen months after diagnosis, she received a life-saving transplant. This experience compelled her to establish a pulmonary fibrosis support group and the only free interstitial lung disease clinic in the world. Dot is now a volunteer PFF Ambassador who encourages other patients to consider transplantation and take advantage of available treatments.

DR. JOSEPH LASKY is the Director of the Interstitial Lung Disease Program and Section Chief of Pulmonary/Critical Care at Tulane University in New Orleans, Louisiana. He also serves as the Chair of the Research Review Committee for the PFF. Understanding the pathogenesis of pulmonary fibrosis has been the focus of his research career. Dr. Lasky's research has bridged from mechanistic studies in cell culture and animal models to the design and implementation of human trials. He has been involved in clinical trials as site-investigator, steering committee member, data safety monitoring board member and Chair, and co-principal investigator on an investigator-initiated trial.

DR. ANOOP NAMBIAR is an Associate Professor of Medicine and founding director of the Center for Interstitial Lung Disease at the University of Texas Health San Antonio. Dr. Nambiar's clinical and research efforts include: the first dedicated ILD/IPF clinic at UT Health San Antonio in 2011; development of a fortnightly multidisciplinary ILD/IPF conference in 2014; past and present research program with involvement in a number of multicenter investigator-initiated and industry-sponsored clinical trials; and community outreach.

MEET OUR KEYNOTE SPEAKERS

EDITH PEREZ, MD is an internationally recognized translational researcher and cancer specialist, Professor of Medicine at Mayo Clinic, and Director of the Mayo Clinic Breast Cancer Translational Genomics Program. Her career experiences include leadership in academic and biopharmaceutical environments, with an added focus on philanthropic endeavors. Dr. Perez is the co-developer of the 26.2 National Marathon to Finish Breast Cancer (breastcancermarathon.com), with goals to raise funds for under-served women and genomics/immunologic translational cancer research. Dr. Perez will provide a unique perspective on the role of genetic and genomic biomarkers to accelerate personalized therapies in breast cancer and its relevance to our pulmonary fibrosis community.

BRAY PATRICK-LAKE, MFS is the Director of Strategic Partnerships at Evidation Health. She develops collaborations to support the design and implementation of participant-centered studies, and serves on the All of Us National Advisory Panel, the Digital Medicine Society Scientific Leadership Board, and the National Academies of Sciences, Engineering, and Medicine (NASEM) Health Science Policy Board. Previously, Bray led engagement for the Duke Clinical Research Institute Project Baseline Study Coordinating Center and served as co-chair on the Advisory Committee to the NIH Director that authored the Precision Medicine Initiative's Cohort Program. Bray holds a BS degree from the University of Georgia, and an MFS degree from National University.

Continuing medical education consists of educational activities and opportunities which serve to maintain, develop, or increase the knowledge, skills, professional performance, and relationships that a physician, nurse, or allied health care professional uses to provide services for patients, the public, or the profession. **For detailed information about how to obtain CME, MOC, and CE credit for the PFF Summit 2019, please pick up an informational handout at the registration desk.**

Target Audience This activity has been designed to meet the educational needs of physicians, physician’s assistants, respiratory therapists, pharmacists, nurse practitioners, and registered nurses involved in the care of patients with pulmonary fibrosis.

AMA Credit Designation This activity has been approved for AMA PRA Category 1 Credit(s)TM.

Pharmacist/Nursing Credit Designation This activity is eligible for ACPE and ANCC credit, see final CME/CE activity announcement for specific details.

Continuing Respiratory Therapist Education This program has been approved for 16.41 contact hours Continuing Respiratory Care Education (CRCE) credit by the American Association for Respiratory Care, 9425, N. MacArthur Blvd, Suite 100, Irving TX 75063.

THURSDAY, NOVEMBER 7

Community Pulmonologists and ILD Fellows | ●
 8:00am - 4:00pm, Cibolo Canyon Ballroom
 ▲ CME/MOC, pre-registration required

Nurses and Allied Health Network | ●
 8:00am - 1:00pm, Iris-Lily Room
 ▲ CE/ANCC, pre-registration required

Patient and Caregiver Lunch: Idiopathic Pulmonary Fibrosis Management & Patient Perspectives — Sponsored by Genentech
 ●●●●
 11:30pm - 12:30pm, Larkspur-Indian Paintbrush Meeting Room

Pulmonary Fibrosis Overview and Introduction to the PFF | ●
 1:00pm - 4:00pm, Cibolo Room

Welcome Reception and Poster Presentation | ●●●●
 5:30pm - 8:30pm, Cibolo Canyon Ballroom

FRIDAY, NOVEMBER 8

Breakfast Served | ●●●●
 6:45am - 8:00am, Cibolo Canyon Ballroom

Moving Forward Together | ●●●●
 8:00am - 8:30am, Grand Oaks Ballroom

LEGEND

- for healthcare professionals
- for recently diagnosed patients
- for people who have been living with PF for awhile
- for transplant recipients and individuals who have lost a loved one

PLENARY SESSION: Translational Genomics: The Future is Now

8:30am - 10:30am , Grand Oaks Ballroom

Keynote Speaker: Dr. Edith Perez

Senescence | ●

10:45am - 12:00pm, Grand Oaks Ballroom

FDA-Approved Therapies for IPF | ●●

10:45am - 12:00pm, Grand Oaks A-C

Preparing for the Future | ●●

10:45am - 12:00pm, Grand Oaks D-F

Grief Writing Workshop: Reclaiming Your Life through Grief Writing (Part 1) | ●●●

10:45am - 12:00pm, Grand Oaks N-P

Lunch & Clinical Trials Innovation Series | ●●●●

12:00pm - 1:30pm, Cibolo Canyon Ballroom

Pulmonary Fibrosis Registries and Resources: What is in them, what have we learned, and where are we going | ●

1:30pm - 3:00pm, Grand Oaks Ballroom

Caregiving | ●●

1:30pm - 3:00pm, Grand Oaks A-C

Research and Clinical Trials 101 | ●●

1:30pm - 3:00pm, Grand Oaks D-F

Grief Writing Workshop: Reclaiming Your Life through Grief Writing (Part 2) | ●●●

1:30pm - 3:00pm, Grand Oaks N-P

IPF Diagnostics | ●

3:25pm - 5:00pm, Grand Oaks Ballroom

Supplemental Oxygen 101 | ●●

3:25pm - 5:00pm, Grand Oaks A-C

Familial Pulmonary Fibrosis and Genetic Counseling | ●●

3:25pm - 5:00pm, Grand Oaks D-F

Cocktail Reception | ●●●●

6:00pm - 7:00pm, Cibolo and Prefunction

Networking Dinner | ●●●●

7:00pm - 9:00pm, Grand Oaks J-M

Feeling lost? Find one of our helpers in a “HELPER” tshirt. If you’re feeling overwhelmed, you can visit the quiet space to take a break from Summit activities.

The Foundation has invited very special, friendly guests to the PFF Summit cocktail reception this year. Be sure to say hello (or woof!)

SATURDAY, NOVEMBER 9

Breakfast | ●●●●

7:00am - 8:30am, between Cibolo and Grand Oaks Ballrooms

PLENARY SESSION: Clinical Trials: Empowering Patients to Participate | ●●●●

Keynote Speaker: Bray Patrick-Lake, MFS

8:30am - 10:30am, Grand Oaks G-M

Transcriptomics | ●

10:45am - 12:00pm, Grand Oaks G-M

Legislative Advocacy | ●●●●

10:45am - 12:00pm, Grand Oaks A-C

Health and Wellness with Pulmonary Fibrosis | ●●●●

10:45am - 12:00pm, Grand Oaks D-F

Lunch & Clinical Trials Innovation Series | ●●●●

12:00pm - 1:30pm, between Cibolo and Grand Oaks Ballroom

Autoimmune ILD and Chronic Hypersensitivity Pneumonitis (CHP): Nuances and similarities | ●

1:30pm - 3:00pm, Grand Oaks Ballroom

Supplemental Oxygen 101 | ●●

1:30pm - 3:00pm, Grand Oaks A-C

Mental Health and Chronic Disease | ●●●●

1:30pm - 3:00pm, Grand Oaks D-F

Fundraising for the PFF | ●●●●

1:30pm - 3:00pm, Grand Oaks N-P

Therapeutic challenges and controversies in ILD | ●

3:25pm - 5:00pm, Grand Oaks Ballroom

The Lung Transplant Experience | ●●

3:25pm - 5:00pm, Grand Oaks A-C

Emergency Preparedness | ●●

3:25pm - 5:00pm, Grand Oaks D-F

Pulmonary Fibrosis and Mental Health: A Roadmap for Coping

●●●●

Visit all of our Summit 2019 sponsors and exhibitors in the Cibolo Ballroom for a scavenger hunt and be entered to win an Apple iPad on Friday or Saturday during the conference.

The next PFF Summit will take place November 11-13, 2021 at the stunning Sheraton Grand Chicago.

Located in the beating heart of the bustling downtown district, Sheraton Grand Chicago is an urban sanctuary amid iconic attractions, including Millennium Park, Navy Pier, and the Magnificent Mile. Chicago has been named the No. 1 “Best Big City” for tourists by Conde Nast Traveler readers. The publication called the city a “world-class destination known for its impressive architecture, first-rate museums, brilliant chefs, and massive brewing scene.”
